David J. Berkoff, MD

**Professor, Orthopaedics; Adjunct Professor, Exercise and Sports Science; Associate Professor, Emergency Medicine**

**Specialties:** Orthopaedics and Orthopaedic Surgery, Sports Medicine

**Procedures and Research:** Key Treatments
Musculoskeletal ultrasound (MSK) evaluations and guided procedures, adipose grafts, Platelet Rich Plasma Therapy (PRP), Tenex and other novel minimally invasive procedures Treatment Areas Foot (plantar fascia, bones of the foot, nerve injuries and scar) Ankle (all tendons around the ankle and ankle bone and ligament issues) Knee (joint and surrounding tendon, nerve and ligament issues) Hip (arthritis and labral and tendon) Shoulder (rotator cuff, frozen shoulder, joint and bicep tendon issues and other soft tissue dysfunction) Elbow (golfer's elbow, tennis elbow, tricep and bicep tendon as well as joint and nerve entrapments) Wrist and Hand (bone tendon and ligament dysfunction as well as nerve such as carpal tunnel.) Research Tendinopathy Tendon research and clinical excellence; Endurance events, running and cycling-related research; Common musculoskeletal (MSK) injuries; Finding non-operative methods to treat patients

**Special Interests:** Non-operative orthopaedics with a interest in endurance athletes, cyclists, runners and triathletes; musculoskeletal (MSK) ultrasound; tendinopathy; biologics and advanced procedures (all minimally invasive)

**Medical School:** Yeshiva University, Bronx

**Internship:** Beth Israel Medical Center

**Residency and Chief Residency:** Jacobi Medical Center and Montefiore Medical Center

**Area:** Emergency Medicine

**Fellowship:** Duke Sports Medicine

**Area:** Primary Care Sports Medicine

**Certifications:** Certificate of Added Qualification-Sports Medicine, Emergency Medicine

Robert F. Ostrum, MD
Professor of Orthopaedics

**Specialty:** Orthopaedics and Orthopaedic Surgery

**Subspecialties:** Orthopaedics and Orthopaedic Surgery - Foot and Ankle Orthopaedics, Orthopaedics and Orthopaedic Surgery - Trauma and Fractures

**Procedures and Research:** Musculoskeletal trauma; post-traumatic reconstruction; nonunions, malunions; foot & ankle surgery

**Medical School:** Temple University

**Internship:** Einstein Medical Center

**Area:** General Surgery

**Residency:** Einstein Medical Center

**Area:** Orthopaedic Surgery

**Certification:** Orthopaedic Surgery

---

Joshua N. Tennant, MD
Assistant Professor of Orthopaedics

**Specialty:** Orthopaedics and Orthopaedic Surgery

**Subspecialty:** Orthopaedics and Orthopaedic Surgery - Foot and Ankle Orthopaedics

**Procedures and Research:** Bunion and hammertoe correction; total ankle arthroplasty; arthroscopically assisted ankle and hindfoot fusion; deformity correction and limb salvage; open and minimally invasive approaches fracture fixation; arthroscopy, endoscopy, and tenoscopy of the ankle, hindfoot, and forefoot for evaluation and treatment of intra-articular and soft tissue pathology; Percutaneous Achilles tendon repair; current approaches to soft tissue problems, including diabetes

**Special Interests:** Healthcare outcomes reporting; cost effectiveness and value analysis; information technology; trauma; ankle and foot arthritis; bunion and hammertoe correction; techniques in arthroscopy and endoscopy

**Medical School:** University of North Carolina at Chapel Hill

**Residency and Chief Residency:** University of North Carolina Hospitals

**Area:** Orthopaedics

**Fellowship:** University of Iowa Hospitals and Clinics

**Area:** Foot and ankle

**Certification:** Orthopaedic Surgery
Joshua Norstrom (Josh) Berkowitz, MD  
Assistant Professor

**Special Interests:** Treating musculoskeletal conditions (arthritis, joint pain and swelling, tendinitis, plantar fasciitis, bursitis, muscle injuries, labral tears, etc.) with traditional and novel therapies; helping people achieve and maintain their personal activity and fitness goals; working with athletes of all ages, interests and ability levels; using musculoskeletal ultrasound and minimally invasive procedures to improve care; teaching patients, medical trainees and other doctors how to take care of musculoskeletal problems; promoting and supporting participation in youth athletics.  

List of procedures: Ultrasound-guided and landmark-guided injections to joints, tendons, bursae and muscles around the shoulders, arms, elbows, forearms, wrists, hands/fingers, hips, thighs, knees, legs, ankles and feet/toes (not the neck or back)  

Advanced and traditional treatments for arthritis, joint pain and swelling, tendinitis, plantar fasciitis, labral tears, bursitis and muscle injuries including:  

- Minimally invasive ultrasound-guided tendon and plantar fascia surgery (Tenex)  
- Platelet-rich plasma injections (PRP)  
- Hyaluronic acid injections (viscosupplementation or “gel shots”)  
- Corticosteroid injections (“cortisone” shots)  
- Calcific tendinitis treatment (barbotage)  
- Drainage of joint fluid, Baker’s cysts and ganglion cysts (aspiration)  

Nerve and scar hydrodissections and injections Diagnostic musculoskeletal ultrasound

**Medical School:** University of North Carolina at Chapel Hill

Reid Wilson Draeger, MD  
Assistant Professor of Orthopaedics

**Specialty:** Orthopaedics and Orthopaedic Surgery  
**Subspecialty:** Orthopaedics and Orthopaedic Surgery - Hand Orthopaedics

**Procedures and Research:**  
- Nerve surgery  
- Carpal tunnel release  
- Cubital tunnel release (with transposition)  
- Revision nerve decompression surgery  
- Radial nerve (including posterior interosseous nerve) decompression  
- Nerve laceration repair – all peripheral nerves, including median, ulnar, radial, and digital nerves  
- Nerve transfer surgery – for brachial plexus palsy or other advanced nerve palsy  
- Tendon transfer surgery – for advanced nerve palsy including radial, median, and ulnar nerve palsy tendon transfer surgery  
- Tendon surgery  
- Trigger finger release  
- DeQuervain’s release  
- Lateral or medial epicondylitis debridement surgery  
- Flexor tendon laceration repair  
- Flexor tendon reconstruction for chronic injury  
- Extensor tendon laceration repair  
- Extensor tendon reconstruction for chronic injury  
- Wide awake flexor or extensor tendon laceration repair  
- Extensor or flexor tenosynovectomy  
- Extensor or flexor tendon transfer for chronic injury or rupture  
- Distal biceps tendon repair or reconstruction  
- Triceps tendon rupture repair or reconstruction  
- Trauma surgery  
- Distal radius fracture surgery  
- Forearm fracture surgery  
- Elbow fracture/dislocation surgery  
- Radial head fracture surgery  
- Radial head replacement  
- Coronoid fracture surgery  
- Elbow “terrible triad” fracture/dislocation surgery  
- Hand or finger fracture/dislocation surgery including fractures of carpals, metacarpals, and phalanges  
- Proximal interphalangeal joint (PIP) fracture/dislocation surgery including dynamic external fixation or hemihamate arthroplasty  
- Scaphoid fracture surgery  
- Scaphoid non-union surgery  
- Elbow, forearm, wrist, or hand fracture malunion or non-union surgery  
- Arthritis Surgery  
- Carpometacarpal (CMC) suspension arthroplasty or LRTI surgery for thumb arthritis  
- Scaphoid excision and four-corner fusion  
- Proximal row carpectomy  
- Wrist fusion  
- Carpometacarpal (CMC), metacarpophalangeal (MCP), proximal interphalangeal (PIP), and distal interphalangeal (DIP) joint fusion surgery  
- MCP or PIP joint replacement  
- Total elbow arthroplasty  
- Elbow interposition arthroplasty  
- Ligament surgery  
- Ulnar or radial collateral ligament repair or reconstruction of the thumb (skier’s thumb)  
- Sagittal band repair/reconstruction  
- Repair of scapholunate ligament tear  
- Wrist stabilization with ligament reconstruction or capsulorrhaphy  
- Elbow medial ulnar collateral ligament repair or reconstruction (Tommy John surgery)  
- Elbow lateral collateral ligament repair or reconstruction  
- Arthroscopic surgery  
- Wrist arthroscopy with debridement  
- Triangular fibrocartilage complex injury repair or debridement  
- Elbow arthroscopy with debridement or loose body removal  
- Dupuytren’s Contracture treatment  
- Surgical fasciectomy or fasciectomy for Dupuytren’s contracture  
- Collagenase (Xiaflex) injection for Dupuytren’s contracture  
- Elbow contracture surgery  
- Open elbow contracture release surgery  
- Heterotopic ossification excision  
- Microsurgery

Orthopaedics and Orthopaedic Surgery - Hand Orthopaedics (cont.)

J. Megan M. Patterson, MD
Associate Professor of Orthopaedics

Specialty: Orthopaedics and Orthopaedic Surgery
Subspecialty: Orthopaedics and Orthopaedic Surgery - Hand Orthopaedics

Procedures and Research:
Injuries to the hand

Medical School: Washington University
Residency: Washington University
Area: Orthopaedic surgery
Fellowship: Washington University
Area: Hand and upper extremity
Certification: Orthopaedic Surgery
Daniel J. Del Gaizo, MD  
Associate Professor of Orthopaedics

**Specialty:** Orthopaedics and Orthopaedic Surgery  
**Subspecialty:** Orthopaedics and Orthopaedic Surgery - Joint Replacement

**Procedures and Research:** Total knee replacement; Total knee arthroplasty; Total hip arthroplasty; Partial knee replacement; Unicompartmental knee replacement; Medial unicompartmental knee replacement; Lateral unicompartmental knee replacement; Patellofemoral knee replacement; Computer assisted knee replacement; Minimally invasive knee replacement; Minimally invasive hip replacement; Direct anterior hip replacement; Short stay hip replacement; Short stay knee replacement; Custom knee replacement; Conformis knee replacement; Revision knee replacement; Revision hip replacement; Conversion hip replacement; Hip core decompression

**Special Interests:** Joint replacement for active individuals, partial knee replacement, accelerated post operative rehabilitation, and minimizing post operative pain

**Medical School:** George Washington University  
**Internship and Residency:** University of North Carolina Hospitals  
**Area:** Orthopaedic Surgery

**Chief Residency:** University of North Carolina Hospitals  
**Area:** Orthopaedic Surgery

**Fellowship:** Rush University Medical Center  
**Area:** Adult Reconstruction

Orthopaedics and Orthopaedic Surgery - Joint Replacement (cont.)

Christopher W. Olcott, MD
Professor of Orthopaedics

Specialty: Orthopaedics and Orthopaedic Surgery
Subspecialty: Orthopaedics and Orthopaedic Surgery - Joint Replacement

Procedures and Research: Total joint replacement surgery involving both primary and revision procedures.

Medical School: University of Rochester
Residency: Strong Memorial Hospital
Area: Orthopaedic Surgery
Fellowship: New England Baptist Hospital
Area: Adult Reconstruction
Certification: Orthopaedic Surgery

UNC Orthopaedics (Chapel Hill-Ambulatory Care Center)
102 Mason Farm Road
Second Floor
Chapel Hill, NC 27514
Fax: (919) 966-7956

Orthopaedics and Orthopaedic Surgery - Orthopaedic Surgery

Donald K. Bynum Jr., MD
Yeargan Distinguished Professor of Orthopaedics

Specialty: Orthopaedics and Orthopaedic Surgery
Subspecialties: Orthopaedics and Orthopaedic Surgery - Hand Orthopaedics, Orthopaedics and Orthopaedic Surgery - Orthopaedic Surgery, Orthopaedics and Orthopaedic Surgery - Shoulder and Elbow Orthopaedics

Procedures and Research: Hand surgery, peripheral nerve surgery, microvascular surgery, joint replacement

Medical School: University of Texas Health Science Center at Houston
Residency: Duke University
Area: General Surgery
Residency: Duke University
Area: Orthopaedic Surgery
Fellowship: Duke University
Area: Hand & Microvascular Surgery
Certification: Orthopaedic Surgery

David J. Berkoff, MD
Professor, Orthopaedics; Adjunct Professor, Exercise and Sports Science; Associate Professor, Emergency Medicine

Specialties: Orthopaedics and Orthopaedic Surgery, Sports Medicine

Procedures and Research: Key Treatments
Musculoskeletal ultrasound (MSK) evaluations and guided procedures, adipose grafts, Platelet Rich Plasma Therapy (PRP), Tenex and other novel minimally invasive procedures Treatment Areas Foot (plantar fascia, bones of the foot, nerve injuries and scar) Ankle (all tendons around the ankle and ankle bone and ligament issues) Knee (joint and surrounding tendon, nerve and ligament issues) Hip (arthritis and labral and tendon) Shoulder (rotator cuff, frozen shoulder, joint and bicep tendon issues and other soft tissue dysfunction) Elbow (golfers elbow, tennis elbow, tricep and bicep tendon as well as joint and nerve entrapments) Wrist and Hand (bone tendon and ligament dysfunction as well as nerve such as carpal tunnel.) Research Tendinopathy Tendon research and clinical excellence; Endurance events, running and cycling-related research; Common musculoskeletal (MSK) injuries; Finding non-operative methods to treat patients

Special Interests: Non-operative orthopaedics with a interest in endurance athletes, cyclists, runners and triathletes; musculoskeletal (MSK) ultrasound; tendinopathy; biologics and advanced procedures (all minimally invasive)

Medical School: Yeshiva University, Bronx
Internship: Beth Israel Medical Center
Residency and Chief Residency: Jacobi Medical Center and Montefiore Medical Center
Area: Emergency Medicine
Fellowship: Duke Sports Medicine
Area: Primary Care Sports Medicine
Certifications: Certificate of Added Qualification-Sports Medicine, Emergency Medicine
